Axis 7 – scenario worksheet

Context

You have been asked to draw up a plan for evaluating eLearning at either the institutional or module level. There is already a centrally-administered end-of-module survey in place, so you may opt to add eLearning questions directly to the survey and/or may add other evaluation methods such as rubrics, analytics, etc. You must give a 5-minute presentation explaining the key aspects of your plan its rationale to senior administration.

Persona

Which persona did you select: _____

(see the Scenario Guidelines doc for full descriptions of each persona)

Priorities

What are your priorities for the evaluation plan? (Who is the main audience? What aspects of eLearning will be evaluated? When will the evaluation take place? Who will administer the evaluation and analyse the results)?

_____

_____

_____

_____

_____

_____

_____

eLearning Evaluation Plan

Describe your evaluation plan (can be either a presentation or briefing note) (You can include up to three methods (including adding questions to the existing survey))
